

GRANDE AFRIQUE CONSULTING

1.0 Company Profile - Grande Afrique Consulting

Incorporated in 2012, **Grande Afrique Consulting (GAC)** is a management consulting firm headquartered in Kenya and devotedly delivering value on assignments in the whole of Africa. We are located on **Mukima Drive-Thome, Off Thika Superhighway Exit 7, along Garden Estate Road**. At **GAC**, we provide Audit Management Solutions and offer financial, economic and business strategy consulting in a manner that captures the unique needs of our clients. We are not constrained by conventional wisdom and we ensure that we tackle the varied and unique client challenges, create customized solutions and drive tangible results.

We are keen to leave a lasting impact in our clients' organizations and we are committed to ensuring that they continue to enjoy leading edge results.

2.0 GAC Vision

To be the premier provider of top of the range business solutions through Management Consultancy, IT Consultancy and Development Consultancy services in Africa and other select markets.

3.0 GAC Mission

To fill the management, IT and development consultancy gap in Africa through superior customer service, innovation and commitment, all offered in line with International best practices, regulatory requirements and solutions customized to our clients' own unique needs.

4.0 GAC Consultants

Our team comprises of extensively trained consultants who have amassed experience from high level management positions in local and international context. GAC consultants have provided astute guidance to clients in many successful engagements. Our success stems from the outstanding capabilities of our consultants, many of whom are recognized as experts in their respective fields, as well as our close affiliation with a select group of respected academic and industry experts.

5.0 Engaging Partnership towards Success

We make it a key effort to partner with organizations towards business success. To orchestrate that, we have a team that comprises of widely trained consultants who have worked in local, regional and international organizations at senior management capacities. Their specialized expertise and deep industry knowledge give us an edge while handling our client's challenges. We leverage our experience in industry best practices and comprehensive industry knowledge in various business segments. Coupled with extensive research on the global business trends, this ensures we work with our clients to turn them into high-performance organizations.

6.0 The Grande Afrique Consulting Difference

The Grande Afrique Consulting team is committed to working with you in the present and walking with you into the future.

i. We work in partnership with clients.

We strive to become an integrated partner with our clients, serving as an extension of management and professional teams

ii. Our organization and our culture are client-focused.

Our clients come first without a doubt. As a professional services firm, we have entrenched our clients' priorities in our organizational model and recruiting programs.

iii. We deliver pragmatic and achievable solutions.

We apply our experience to focus quickly on core opportunities with the highest return and develop innovative, practical solutions for execution with sustainable outcomes.

iv. We are a people business.

Our client service philosophy recognizes that top-notch advisory is delivered by endowed and outstanding professionals. Our people are our next greatest asset after our clients.

v. Our focal point rests on world-class solutions.

Our solutions are backed by empirical research of world-class companies and allied best practices. As a professional services firm, we have entrenched our clients' priorities in our organizational model and recruiting programs.
